

The NSW Government  
is privatising  
Sydney's  
buses.

**Your local  
bus service  
is at risk.**

We know that privatising buses  
doesn't work. It only means:

- ⊗ Fewer buses
- ⊗ Reduced on-time running
- ⊗ Changes to routes
- ⊗ Bus stop closures
- ⊗ Poorer working conditions

We can't afford to let this happen to our  
remaining buses. Our transport should be  
run to profit the public, not shareholders.
